SINGAPORE COIN AUCTION

前言

新加坡

1996年1月1日对新加坡的建国历程而言是一个极富意义的新篇章，因为在这一天，这个偏居东南亚一隅的岛国晋升为“较先进发展中国家”，而这在本区域乃是第一个荣获此头衔的国家。新加坡作为一个“劲头十足的亚洲经济体”，已成为发展中国家的仿效对象，这是岛国卓越的荣誉。

优记得30年前，当新加坡宣布独立时，面对种种不稳定的将来，许多观察家都对岛国的命运作出悲观的预测；晋升“较先进发展中国家”行列，无疑是对这些预言的最有力反证。

新加坡钱币拍卖会无独有偶地也走过相同的道路。10年前，当这项拍卖会诞生时，以国际的尺度来衡量无疑是极小的一个。然而，当初看着它面世的人士，今天所看到的新加坡钱币拍卖会却是规模盛大。它突破传统钱币展销会的界限，成为在东南亚举办的第一个钱币拍卖会。它吸引无数商家、专家、学者、爱好者的注目，包括支持与怀疑正反两方面的意见。当年，拍卖品只有550项，品种也显单调。如今拍卖手册中所列的，是“一係列精美的海峡殖民地、中国、柬埔寨、日本、英国和外国钱币。十年以来，新加坡钱币拍卖会已成为一个举世公认的亚洲盛会，备受币钞收藏家所瞩目。

为了纪念新加坡钱币拍卖会举办10周年，我们今年特别为您呈献超过1,800种拍卖品，其中有许多是亚洲太平洋区，特别是中国、日本、韩国和泰国罕见的珍藏品。值得一提的是海峡殖民地係列，因为我们很荣幸能将它呈现在本届拍卖会上。

我们要在这里向过去10年来一直支持新加坡钱币拍卖会的寄售商和买家们致谢，并希望在今后大家继续给予本盛会鼎力的支持。

祝各位在新加坡商旅愉快。

FOREWORD

新加坡

1 January 1996 marks the start of a very significant new chapter in the colourful history of Singapore - it will be remembered as the day the island republic gained "the most advanced developing nation" status, the first country in South-East Asia to be thus recognised. As one of the "Dynamic Asian Economies" that are being held up as models worthy of emulation by the less developed nations, Singapore has become a glorious island of excellence.

Given that it was only 30 years ago when Singapore became an independent republic facing an uncertain future, this achievement is a remarkable testimony to what can be achieved despite all the pessimistic prognostications expressed by many "development experts".

A somewhat similar path has been traced by the Singapore Coin Auction. Inaugurated 10 years ago, the event, by most international yardsticks, was a small one. But it was a phenomenon whose importance became apparent to everyone who witnessed its launch. It broke new ground in the numismatic world, being the first numismatic auction to be held in South-East Asia. On offer were only 550 lots described in the catalogue as "A fine collection of Straits Settlements, Chinese, Thai, Cambodian, Japanese, English and Foreign Coins." As it turned out, the Singapore Coin Auction has over the years become the acknowledged Asian event to look out for by the coin-and-note collecting fraternity.

To mark the 10th anniversary of the Singapore Coin Auction this year, we have brought together more than 1,800 lots, many of which are exceptionally fine material from the Asia-Pacific region, particularly Chinese, Japanese, Korean and Thai material. Special mention must be made of the Straits Settlements collection which we are very proud to have acquired for inclusion in this auction.

We take this opportunity to thank all consignors and buyers for having consistently supported the Singapore Coin Auction during the past decade, and look forward to their continued encouragement for the next decade and beyond.

We wish everyone a happy stay in sunny Singapore.

INDIA - SULTANATES

*832 **Sultans of Bengal, Mughis al din Amjad Shah:** Silver Tanka, weight 10.69g., c.AH700. *Better than very fine, extremely rare and of the highest historical importance.*

This exceptional Tanka is the only piece of history giving us the name of an early governor - Mughis al din Amjad Shah. It is not the first time that a new name has been discovered on a Bengal Sultan coin. This issue falls in line with the known coins of Jalal al din Kurban Shah and Jalal al din Mahmud Shah I who were known only in the 1980s when a few rare coins were published by Dr John Deyell and Mr S.L.Goron. The style and placement of the legend is similar to that of the two coins mentioned above and to that of another unique coin of governor Mughis al din Tughril. It should therefore be dated to about AH686, the known date of Jalal al din Mahmud Shah I.

CONDITIONS OF SALE

1 The highest bidder for each lot shall be the buyer thereof. In the event of any dispute, the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the disputed lot.

2 The auctioneer shall have absolute discretion to divide any lot, to combine any two or more lots, or to withdraw lots from the sale without giving any reason. The bidding shall be regulated at the absolute discretion of the auctioneer who shall have the right to refuse any bid or bids. No person shall offer any bid of less than US$1. Postal commissions should be made to the nearest US$5 where possible.

3 All lots are put up for sale subject to any reserve price that may be imposed by the seller. The seller shall be entitled to bid personally or through any other person (who may be the auctioneer) and to withdraw any lot or lots either personally or through the auctioneer.

4 Bidding commissions for anyone unable to attend the auction in person may be carried out by the auctioneer without charge, but "buy" commissions will only be accepted if the auctioneer is given absolute discretion.

5 The buyer of any lot shall immediately furnish his name and address to the auctioneer and, if required,
(a) provide bank or other credit references; and
(b) pay the full purchase price, or a fractional deposit as may be determined at the discretion of the auctioneer.

6 Lots are sold as shown with all faults, imperfections and errors of description. Neither the auctioneer nor the seller shall give any warranty to any buyer in respect of any lot, or be liable for any fault or error of description, or lack of genuineness or authenticity of any lot. All statements as to the items sold, whether made in catalogues, during the course of the auction, or otherwise, are statements of opinion only, and are not and shall not be taken to be statements or representations of fact. The auctioneer reserves the right in forming his opinion, to consult and rely upon any expert or authority considered by him to be reliable. Notwithstanding the foregoing, if any lot should be proved by the buyer to be a forgery or re-print, or to have been wrongly described in any material respect, the buyer may reject the same, provided that he shall have given notice of his intention to do so and shall have returned the same to the auctioneer within fourteen (14) days from the day of the sale. Under no circumstances will the auctioneer be liable for any costs, expenses or damages incurred by the buyer in respect of any lot, including, but not limited to, loss of any kind of profit whatsoever. Bidders are advised to scrutinise the lots they bid for.

- The auctioneer guarantees all items offered in the catalogue to be genuine. Claims to the contrary must be made in writing within fourteen (14) days after receipt of materials.
- Questions on a coin being a proof or business strike relate to method of manufacture but not on authenticity.
- No lot may be returned after thirty (30) days after the sale.

7 The auctioneer acts solely as an agent and shall not be responsible for any default by either the buyer or the seller or for any action or claim which may arise in respect of any lot.

8 Buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The auctioneer cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneer's premises.

9 The auctioneer will not hold himself responsible for the safe custody of any lots left for more than seven (7) working days after the date of the sale, and reserves the right to charge storage and to re-sell by auction or privately, and without notice to the buyer, any lots not removed from his premises within fourteen (14) days from the date of the sale. Buyers shall not be entitled to remove lots from the auction room during the course of the auction.

- No lot may be returned without the consent of the auctioneer.
- If the auctioneer agrees to the return of any lot, it must be contained in its original, sealed and unopened container.

10 Each lot shall be at the buyer's risk from the fall of the hammer.

11 All lots delivered in Singapore are subject to Goods and Services Tax (GST) at the prevailing rate. But lots delivered outside Singapore to non-Singapore residents are not subject to GST.

12 Any part of the purchase price, GST included, left outstanding after the auction pursuant to Condition 5, shall be paid in full within thirty (30) days of the date of the auction. Without prejudice to any other rights, the auctioneer reserves the right to charge interest on any overdue payment at the rate of two-and-a-half percent ($2\,^1/_2$%) per month. Seven (7) working days' notice must be allowed for the clearance of personal cheques before delivery can be made, unless prior arrangements have been made with the auctioneer. Payment by credit card shall not be accepted for auction purposes.

- Late payment for any reason is just cause for revocation of all return privileges.

13 Buyers accepting commissions from other parties do so at their own risk and will remain responsible to the auctioneer for full settlement according to these Conditions.

14 By making a bid the buyer acknowledges his acceptance of these Conditions and shall be bound by them.

15 If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the auctioneer be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneer's expenses and commissions in respect of the resale, the amount (if any) by which the price obtained on the resale and GST imposed at the prevailing rate is exceeded by that obtained in the first sale.

16 A variation of these Conditions shall only be binding on the auctioneer and the seller if it is made in writing and signed by a duly authorised representative of the auctioneer.

17 In these Conditions, the Auctioneer means Taisei-Baldwin-Gillio Auction Company.

18 These Conditions shall take effect and be construed in accordance with the provision of Singapore Law.

19 **A "Buyer's Premium" of ten percent (10%) is charged on the hammer price, but there is no additional charge for executing bids. All premiums are subject to GST at the prevailing rate.**

Note:

- Your attention is drawn to Condition 12. After thirty (30) days, interest will be charged on any amount of the purchase price left outstanding at $2\,^1/_2$% per month, including GST.
- All sales prices are in **United Stated Dollars**.

ADVICE TO POSTAL BIDDERS

1 Return your commission forms sooner than later, as bids are recorded in the order that they are received. Where two bids are received for the same amount, the bidder whose commissions arrived first is the buyer, subject, of course, to bids from the floor.

2 If you are late with your bids, use the telex, send a cable or telephone. Telephone bids can be accepted, although we would ask for the bid figures to be confirmed in writing as we cannot accept responsibility for mistakes.

3 All commissions are handled in the strictest confidence and, if successful, the lot is knocked down in the name of "TAISEI".

4 The auctioneer will normally increase the bidding in 10% jumps. We would ask postal bidders to keep their bids to the nearest multiple of US$5 or US$10. Bids of US$101 will be treated as US$100, and similar "odd" amounts will be rounded down to the nearest actual bid at the auctioneer's discretion.

5 It is important to realise that we will try to obtain the lot bid on for the lowest possible price, and we fully appreciate the fact that the bids given are the maximum figure that the bidder is prepared to pay for any lot.

6 We are happy to handle bids for customers who are interested in a number of lots, but wish to spend only a limited amount of money. Bidders are advised to mark their bids in the usual way and then clearly state the maximum amount they wish to spend.

7 In a similar way, if bidders wish to bid on a choice of two items, they should clearly mark on the commission form "either/or".

8 Please remember to give full details as to how the lot or lots are to be dispatched. Successful bidders will be sent an invoice immediately following the auction, and the general rule is that this must be settled in full before the item or items are dispatched. Insurance and postage are to be borne by successful bidders.

9 If there is any query before an auction about any item in the sale, or regarding a method of bidding, remember we have several overseas offices which can assist, and we in London and Singapore are only a telephone call or fax message away.

10 **A "Buyer's Premium" of ten percent (10%) is charged on the hammer price, but there is no additional charge for executing bids.**

11 All premiums are subject to GST at the prevailing rate.

DON'T MISS OUT ON OPPORTUNITIES TO BUY — POST US YOUR BIDS.

PAYMENT

Mode: Payment shall be made in United States Dollars in the form of cash or cheques drawn on a United States clearing bank, or by means of a banker's draft or telegraphic or cable transfer directly to the auctioneer's bank account, quoting the original invoice number. Unless prior arrangements have been made, and payment is made by any other means, the customer will be liable for any bank or collection charges incurred.

- **By cheque/bank draft payable to Taisei-Baldwin-Gillio Auction Company**
- **By telegraphic transfer to: Chung Khiaw Bank Ltd 439 Geylang Road, Singapore 389399 for the account of Taisei-Baldwin-Gillio Auction Co**

Currency: The sale will be conducted in United States Dollars. Full settlement will be expected also to be in United States Dollars. Bank cheques in United States Dollars can be easily purchased within the United Kingdom. Payment made in Pounds Sterling will, of course, be accepted. BUT the customer will be responsible to the Taisei-Baldwin-Gillio Auction Company for all bank charges and any differences in exchange rates upon conversion

Full Settlement: Full settlement is due on receipt of invoice. No items will be dispatched except to established account customers, unless full payment has been received.

Account Customers: Full settlement is due within thirty (30) days of the sale taking place. After that time, any amounts owing will be subject to interest ($2^1/_2$% per month) in accordance with the CONDITIONS OF SALE printed in the catalogue.

MISCELLANEOUS

Commission buying: All commissions handled by Taisei Stamps and Coins (S) Pte Ltd are treated in the strictest confidence and are knocked down in the name "TAISEI".

Prices Realised: A list of prices realised is issued immediately following each sale. Customers wishing to receive copies earlier are asked to send in US$1 (or the currency equivalent). The auctioneer regrets that it is impractical for accounts to be charged for such a small amount. No list will be sent without full payment.
